About Me

I am a multi-talented Virtual Assistant that can adapt and improve through client's requests. Currently a 4yh-year college Bachelor of Science in Information Technology. I am currently learning how to code and program to boost my skillset. I am always eager to learn new skills and will continue to improve my current skills.

Experience

Teleperformance 2019 - 2020

Customer Service Representative

Customer Service Representative Handles the account of Elite Credit Card Holders. Giving them different services such as Inquiry, recording of the account problems, helping them solve the problem and Etc. We also convince them to use our product more so they can get more benefits.

Jebsen Maritime Inc. 2020

Data Encoder

Responsible for Encoding the details of our Seafarer Clients to help and recruit them for the Company's Ship. Also editing their details properly.

Mark Savant Media 2023

Graphic Artist

I'm the one who creates youtube banner, Podcast Promo Art, and mostly design such as logo and other podcast related Images.

Education

2022

College of Our Lady of Mercy

Bachelor of Science in Information Tecnology

I chose this school because I heard it was a good school with resources focused on my course. Also, it was close to my home which will lessen my hassle and time wasted. I can redirect that extra to the online jobs that I can take.
